Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Monday 24 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry this evening. Showers starting early on Tuesday.

This Evening and Tonight:
Any residual showers will gradually clear to the southeast through the evening, leaving the region largely dry with clear skies for a time. Further showers move in during the early hours. Grass frost possible in a few rural spots. Minimum temperature 3 deg C (37 deg F).

Tuesday:
Patchy cloud, scattered showers and sunny spells on Tuesday. The showers will be less frequent than on Monday, but may still be heavy and contain hail. Breezy and feeling cool. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Mostly dry with sunny spells on Wednesday. Fine, dry and warm on Thursday with sunny spells. Cloudier on Friday with patchy light rain. Temperatures returning towards average.
